Who we are

The company

was founded in 2008, by Dimitris Georgiou, providing a complete set of Information Technology and Cybersecurity Services

Our people

Alphabit has a team of certified and highly-qualified engineers, tackling complex IT and cybersecurity projects

New board members

by the end of 2020, Dimitris cooperates with Stavros Aronis, they both increase share capital and transform the company to ALPHABIT SA

Our certifications

Alphabit consultants hold current industry-standard certifications (CISSP, CPFA, CPSP, NSE, eJPT, BelkaCE) and by the end of 2022, the company will be certified according to ISO 27001:2022

Today

Alphabit has doubled its turnover, sales and workforce over the last 2 years

Our mission

To become a trusted partner for our customers, by providing cutting-edge consulting and superior technologies to successfully meet their cybersecurity demands and help them protect their business.

OUR VISION

To become a noteworthy player in the European
Cybersecurity landscape by assisting Enterprises
achieve Resilience and Data protection by
offering expert Consulting and a Forward-
Thinking attitude towards Success by leveraging
the Agility of a boutique company.

Our philosophy

“ If you feel uncertain, risk assess!
If you feel certain, learn more!
If you feel strong, pentest!
If you feel safe, don't.

”

Dimitris Georgiou, CSO-Partner, Alphabit SA
